EXTEND YOUR SALES AREA!

THE CLASSIFIED COMMUNITY DIRECTORY covers your immediate market and is also delivered free of charge to householders throughout the area served by the Directory.

YOUR AD IN THE yellow pages is your economical way to reach more potential customers;

WHEN PEOPLE NEED YOUR SERVICES wouldn't you like to be considered by those who use these pages to make a selection?

ARE YOU GETTING YOUR SHARE of new customers and "drop in" customers? Quite often the customer who calls in person has first consulted these pages.

THOUSANDS OF PEOPLE use the Classified Community Directory every day for their shopping needs. BE FULLY REPRESENTED! Your advertisement under the headings best describing your services or products is the best business insurance on earth!

YOUR ADVERTISING DOLLAR WILL MAKE MORE DIRECT CONTACTS IN THE YELLOW SECTION OF THE COMMUNITY DIRECTORY THAN IN ANY OTHER MEDIUM.

CITY DIRECTORY

What is a Chamber of Commerce?

The Chamber of Commerce is the business community working together. It is the central agency that corrals the forces of the community for its improvement and development—in business, in industry, and in the professions. Together, the Chamber does what no one person can do by himself.

The Chamber is a voluntary organization. It is eight years older than the Declaration of Independence. New York State's Chamber was first, in 1768, then Charleston, South Carolina, in 1773. From this early beginning the total number has blossomed to 4,000, with the number of Chambers in the United States on a constant incline.

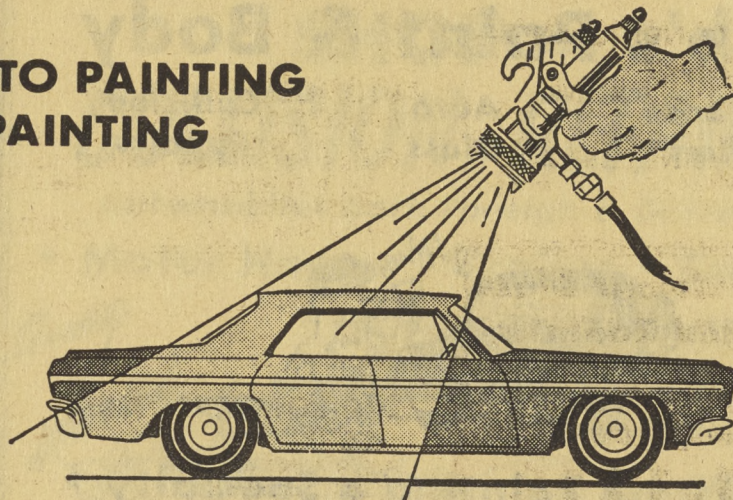

As the "front door" of the community, the Chamber welcomes newcomers, visitors, and all others making inquiry of the community. It maintains a library of directories, reports, surveys, maps, tourist and travel folders, community functions and events, for the use of its members. The Chamber does all this through personal interview, use of the telephone, and regular correspondence. Basic to all the work of the Chamber is its unifying influence. This is felt not only in servicing and coordinating its own committees, but in working with the organization effort of the entire community.

The Board of Directors of the Chamber, elected by its members, sets the policy for the Chamber. It serves without pay. The board also supervises several committees which are set up to handle specific projects. The paid head of the Chamber is the manager, who has a paid staff under him. The size of the staff depends on the demands and needs of the community and the amount of work that the Chamber carries out. As a matter of fact, in some smaller communities the manager may be a voluntary or part-time employee. His title will vary in different communities from "manager" to "general manager" or "executive secretary," or others.

All who want to improve the community are eligible for membership, either firm or individual, in business, industry, or the professions. Only ethical and community-minded members are invited. Businesses so small in which its owner is on a part-time basis are not urged to join unless they wish to do so. A membership in the Chamber of Commerce is an investment in a better local community, an investment in a better America!

PAUL WILLIAMS, Owner

TUNE-UP BY BEAMER

will do a complete tune-up on your foreign or domestic car
in about 40 minutes — while you watch.

- We're family owned and operated, no care-less hired help.
- We personally service each car, tuning for maximum performance & mileage.
- All problems are thoroughly discussed before the work is done.
- Our understanding is that your car serves you as a tool for transportation. It must be reliable. That's why we work on your vehicle problems, not your wallet.

CONVENIENT LOCATION TO SERVE YOU:

**557 S Escondido Blvd
Escondido 92025**

745-4141

Depend On Our Family, For Your Family's Car Needs

HERE'S WHAT WE OFFER:

- ✓ Replace All Spark Plugs
- ✓ Replace Points & Condensor
- ✓ Chemically Clean & Adjust Carburetor
- ✓ Service Distributor Cap & Rotor
- ✓ 6 Month Or 6000 Mile Guarantee

- ✓ Replace Faulty Ignition Wires
- ✓ Adjust Timing & Dwell
- ✓ Replace Air Filter
- ✓ Service PCV Valve or Replace
- ✓ Quality & Service At A LOW Price

World's Most Advanced

STEAM CARPET CLEANING SYSTEM

CARPET CLEANING

"Which Method is Best"

SHAMPOO METHOD
Has Agitation But
Little or No Extraction

STEAM METHOD
New Water Extraction
But No Agitation

THE VIBRA VAC METHOD COMBINES THE BEST OF BOTH

- Hot water and cleaning solution jets into the carpet.
- Vibra Brush (like electric tooth brush) agitates carpet back and forth 3,400 times each minute. This breaks soil loose and polishes each carpet fiber to a clean, brilliant finish. This type of brush does not distort pile.
- Powerful suction extracts hot water and loosened soil back up to waste tank.

- CARPET CLEANING
- WE MOVE FURNITURE
- APARTMENTS

- UPHOLSTERY CLEANING
- ODOR CONTROL
- MOBILE HOMES

- SPOT REMOVING
- SOIL RETARDANTS
- RESIDENTIAL

**Mr. Businessman:**

Make use of these pages to  
deliver your message directly  
to the homes in the

**ESCONDIDO - SAN MARCOS  
DIRECTORY**

Your advertisement reaches  
more people at less cost and for  
a longer period of time than in  
any other medium.

These pages offer you refer-  
ence advertising at its best.

Your ad stays on the job 24  
hours a day for a period of not  
less than one full year!

Be sure to be fully represent-  
ed under the headings that best  
describe your business, profes-  
sion or service.

COMMUNITY DIRECTORY CO.

P.O. Box 33, Montrose, CA 91020

WHY IS IT:

A man wakes up in the morning after sleeping under an advertised blanket on an advertised mattress and pulls off advertised pajamas. Takes a bath in an advertised tub, shaves with an advertised razor, washes with an advertised soap, puts on advertised clothes, sits down to breakfast of advertised coffee, puts on an advertised hat, rides to his office in an advertised car, writes with an advertised pencil . . . then refuses to advertise, says advertising doesn't pay . . . and then if business isn't good enough to advertise, he advertises it for sale.

It pays to advertise in the

Sign Up Now To Donate Blood!

Here is a general immunization guide . .

Please ask your doctor or health department about immunizations for each member of your family.

IMMUNIZATION	AGES MAY BE GIVEN	INITIAL SERIES	BOOSTER(S)
<u>DIPHTHERIA</u> <u>TETANUS</u> <u>PERTUSSIS (WHOOING COUGH)</u> There is a 3-in-1 type vaccine called DTP and a 2-in-1 type called DT	Ages 6 Years And Under Get DTP Vaccine	<u>3 Shots</u> One Month Apart Begin at Age 6 Weeks	<u>4th Shot</u> 1 Year After 3rd <u>5th Shot</u> Upon Entering School
	Ages 7 Years And Older Get DT Vaccine	<u>2 Shots</u> One Month Apart	<u>3rd Shot</u> 1 Year After 2nd <u>Boosters: Every 10 Yea</u>
<u>POLIO</u> (live Sabin Trivalent oral vaccine)	6 Weeks To 3 months Of Age	<u>2 Doses</u> 2 Months Apart <u>3rd Dose</u> 8-12 Months After 2nd	On Entry To School
<u>MEASLES (10-DAY RED MEASLES)</u> (live vaccine)	12 Months of Age and Over	1 Shot	None Needed
<u>RUBELIA (GERMAN MEASLES)</u> (live vaccine)	12 Months of Age to Puberty	1 Shot	None Needed
<u>SMALLPOX</u>	Routine smallpox immunizations are no longer recommended except for those persons travelling to countries where the disease still exists, or those in health professions.		

YOUR BABY SHOULD BE PROTECTED FROM:

Diphtheria

This serious disease affects the nose, throat and windpipe, sometimes causing suffocation.

Prevention - A series of injections with DTP (also called 3-in-1 or "baby shots") or with Td (2-in-1 given to persons over 6 years of age) vaccine.

Tetanus

Sometimes this disease is called "lockjaw." Tetanus germs are everywhere and can enter the body through any break in the skin. Once inside the body these germs may produce a poison which attacks the nervous system, causing convulsions, spasms and often death.

Prevention - A series of injections with DTP or Td vaccine.

Whooping Cough

Doctors call this highly catching disease "pertussis." This disease causes severe attacks of coughing ending in a "whooping" sound. This disease is most dangerous in young children.

Prevention - A series of injections with DTP vaccine (given to children through six years of age).

Polio

This disease causes damage to the nervous system leading to paralysis, crippling and sometimes death.

Prevention - A series of drops taken by mouth (sometimes on a sugar cube) and known as "Sabin" vaccine.

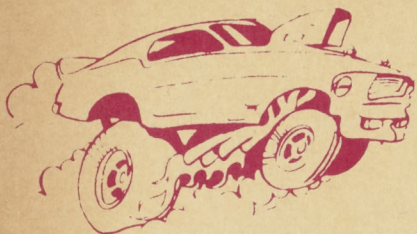

Measles

This very serious and catching disease causes red spots on the body, high temperature, a cough and often red, watery eyes. One child out of six has serious problems with this disease. Many are left deaf, blind or with serious brain damage.
